TriCor Technologies Inc. Named to the 16th Annual Aggie 100, Honored as Fastest Growing Company

COLLEGE STATION, TX (November 6, 2020) – TriCor Technologies Inc. is among the top 100 companies from around the world selected for the 16th annual Aggie 100 which honors the fastest-growing companies owned or operated by former students of Texas A&M University. TriCor was recognized as number 93 with a compound annual growth rate of 30.364%. The Aggie 100 is founded and hosted by the McFerrin Center for Entrepreneurship at Texas A&M University.

“We are deeply honored to once again receive this award,” said Damian Cook, TriCor’s co-founder, co-owner, former TriCor President & CEO and Texas A&M electrical engineering graduate from the class of 1983. “I would like to thank our customers, partners, and employees for helping us to achieve the growth necessary to receive this special award. I would also like to thank the McFerrin Center for Entrepreneurship for their leadership among universities to honor the success of their former students.” TriCor’s other co-founder and co-owner, Michael Ray, succeeded Mr. Cook as President & CEO in July, 2018 and has continued driving TriCor’s success in the market. Since their beginning in early 2009, the company has grown steadily in the face of many obstacles and fierce competition. TriCor was also named to the 2015 Aggie 100 as number 61 with a compound annual growth rate of 46.16% from 2012 through 2014.

The 100 Aggie-owned companies with the highest compound annual revenue growth from 2017 to 2019 were revealed and recognized during a live-stream awards showcase on Friday, November 6, 2020. The awards production is available for viewing at tx.ag/2020Aggie100.

“The Aggie 100 brand represents the most elite group of successful Aggie entrepreneurs, whose endeavors have truly made our world a better place to live. Texas A&M recognizes both their individual efforts and their collective success, in the same way these Honorees acknowledge the important role our beloved university played in the development of their character. The McFerrin Center for Entrepreneurship proudly embodies the legacy through

which our Aggie 100 Honorees can contribute to developing the next great generation of Aggie entrepreneurs.” said Blake Petty ‘98, Director of the McFerrin Center for Entrepreneurship.

A complete Aggie 100 list can be viewed at www.aggie100.com.
